ASX Announcement

## **DRAGONTAIL NEARLY DOUBLES INSTALL BASE IN FEBRUARY**

1 March 2019 (Melbourne): Dragontail Systems Limited (ASX: DTS, the “**Company**” or “**Dragontail**”) is delighted to announce that its products were installed in over 300 new stores during the month of February. This achievement illustrates the potential pace at which the Company can grow month on month installations.

These installations are a combination of the Company's two flagship products, the ALGO Dispatching Platform and the Artificial Intelligence QT Camera, and took place over three continents: Asia, North America, and Australia.

Mr. Ido Levanon, Dragontail's Managing Director, added: "After overcoming delays in the last couple of months that were beyond Dragontail's control, the Company has made a solid start toward meeting its installation targets for this year and enters an exciting phase of accelerated hockey stick growth".

#### **About Dragontail Systems**

Dragontail is revolutionising the Quick Service Restaurant (QSR) and foodservice industry with its Algo System and computer-vision QT quality system that uses artificial intelligence (AI) machine learning.

The Algo System uses a sophisticated patented algorithm to optimise and manage the entire food preparation process from order to delivery. It is the first system in the world to fully automate and streamline the kitchen flow to deliver an immediate and significant return on investment to fast food and quick service restaurants.

The QT system's sensor and camera automatically monitor the preparation and cooking process in the kitchen to improve the quality and consistency of meals. Using proprietary advanced AI machine-learning technology, the system keeps improving its diagnostics, becoming even more efficient.
