ASX Announcement

## **DRAGONTAIL CONTINUES ITS INSTALL BASE GROWTH**

7 June 2019 (Melbourne): Dragontail Systems Limited (ASX: DTS, the “**Company**” or “**Dragontail**”) is pleased to announce that it has installed over 250 new stores during the month of May 2019.

This milestone has brought the Company's total installations to more than 1,500 stores. These stores are operating around the world with Dragontail's flagship products - the ALGO Dispatching Platform and the (AI) Artificial Intelligence QT Camera.

Mr. Ido Levanon, Dragontail's Managing Director, added: "Achieving this milestone is very significant and exciting as it reflects accelerated growth, validity of our products and the trust we receive from our customers over the world. "

#### **About Dragontail Systems**

Dragontail is revolutionising the Quick Service Restaurant (QSR) and foodservice industry with its Algo System and computer-vision QT quality system that uses artificial intelligence (AI) machine learning.

The Algo System uses a sophisticated patented algorithm to optimise and manage the entire food preparation process from order to delivery. It is the first system in the world to fully automate and streamline the kitchen flow to deliver an immediate and significant return on investment to fast food and quick service restaurants.

The QT system's sensor and camera automatically monitor the preparation and cooking process in the kitchen to improve the quality and consistency of meals. Using proprietary advanced AI machine-learning technology, the system keeps improving its diagnostics, becoming even more efficient.
